

Dhimahi Mehta

AI & Machine Learning | Cybersecurity

Ahmedabad, Gujarat | +91-7874421789 | dhimahimehta01@gmail.com | GitHub | LinkedIn

SUMMARY

Final-year Information Technology student with a strong foundation in Artificial Intelligence, Machine Learning and Cybersecurity. Experienced in developing AI-powered applications, browser security solutions and LLM protection systems, with a strong interest in secure, scalable software engineering.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, SQL

Frameworks: FastAPI, React, Flask

AI/ML: PyTorch, Transformers, XGBoost, OpenCV

Cybersecurity: Prompt Injection Detection, LLM Security, Microsoft Presidio

Tools: Git, Docker, SQLite, Linux

PROJECTS

BrowserGuard — *Privacy-first Machine Learning Chrome Extension*

Live | GitHub

- Built a Manifest V3 Chrome extension that detects malicious websites locally using XGBoost, ONNX Runtime and WebAssembly without external APIs.
- Implemented DOM mutation monitoring and URL entropy analysis to detect Domain Generation Algorithms (DGAs) and cryptomining attacks with near-zero latency.

PromptShield — *Explainable AI Firewall for Large Language Model Security*

GitHub

- Developing an AI-powered LLM Firewall using FastAPI, DistilBERT and Microsoft Presidio to detect prompt injection, jailbreaks, role manipulation and PII leakage.
- Designed an Explainable AI dashboard featuring real-time attack analytics, risk scoring, OWASP-aligned detection and SQLite logging.

VocalEyes — *Multimodal AI Assistant*

GitHub

- Built a multimodal AI assistant integrating Gemini API, LangChain and Murf AI for conversational text, voice and image interactions.

EXPERIENCE

4TYSIX App Labs

Web Development Intern

Ahmedabad, Gujarat

Jul 2023 – Aug 2023

- Developed web application modules using PHP, Laravel, MySQL, HTML, CSS, and JavaScript.
- Collaborated on backend integration, database design, and responsive user interface development.

Project Cafe Technologies

Web Designing Intern

Ahmedabad, Gujarat

Sep 2022 – Oct 2022

- Designed responsive web pages using HTML, CSS, JavaScript, and Bootstrap.
- Built reusable UI components while following responsive web design principles.

EDUCATION

Government Engineering College, Gandhinagar

B.E. in Information Technology | CGPA: 8.35/10

2024 – 2027

Gandhinagar, Gujarat

Government Polytechnic, Ahmedabad

Diploma in Computer Engineering | CGPA: 9.31/10

2021 – 2024

Ahmedabad, Gujarat

PROFESSIONAL CERTIFICATIONS

IBM: Agentic AI Professional Certificate | Artificial Intelligence & Machine Learning Professional Certificate | Data Analytics Professional Certificate

ACHIEVEMENTS

Adobe India Hackathon – Qualified for Round 1.

NxTWave GenAI Buildathon – Built AI-powered application concepts using Generative AI.
